PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in software testing, debugging, and web application development. Skilled in Manual Testing, Functional Testing, UI Testing, and identifying application issues to improve software usability and performance. Completed internships in Python Development and Web Development with experience in frontend/backend validation and troubleshooting. Seeking an entry-level QA Testing / Software Testing role.

WORK EXPERIENCES

Python Development Intern | Internship

Dec 2025 - Jan 2026

TechnoHacks Solutions Pvt. Ltd.

- Developed 2 command-line Python applications, including To-Do List and Quiz systems.
- Implemented 5+ programming concepts such as loops, functions, lists, dictionaries, and conditional logic.
- Designed task management and quiz scoring functionalities to improve application usability and execution flow.
- Debugged and optimized application logic, reducing code redundancy and improving code readability.

Technologies / Skills Used : Python, MongoDB

Web Design & Development Intern | Internship

Apr 2025 - May 2025

TechnoHacks Solutions Pvt. Ltd.

- Developed 4+ responsive webpages and reusable UI components using HTML, CSS, and JavaScript during internship training.
- Built 6+ interactive website features, including navigation menus, forms, responsive layouts, and dynamic content updates.
- Applied JavaScript concepts such as DOM manipulation, event handling, and form validation across multiple webpage modules.
- Tested and debugged frontend functionality, improving responsiveness and enhancing user experience across desktop and mobile devices.

Technologies / Skills Used : HTML, CSS, JavaScript

PROJECTS

College Website | 🐙 Github

Apr 2025 - May 2025

Web Development Project

- Developed a responsive college website using HTML, CSS, JavaScript, Python (Flask), and MySQL with 5+ functional webpages and backend modules.
- Implemented user authentication and managed news & events features, improving website functionality and content accessibility.
- Designed user-friendly interfaces and responsive layouts, enhancing mobile compatibility across multiple screen sizes and devices.
- Tested and debugged website functionality to identify UI and navigation issues, improving overall usability and application performance.

Technologies / Tools Used : HTML, CSS, JavaScript, Python, Flask, MySQL

AquaCart

Dec 2025 - Jan 2026

Aquarium E-Commerce App

- Developed a Flutter-based e-commerce mobile application to facilitate browsing and purchasing aqua products.
- Implemented product listing, seller management, and ordering functionalities using Dart and Flutter.
- Created responsive mobile UI components to enhance user navigation and overall experience.
- Conducted thorough testing of application features and resolved functional issues, resulting in improved app performance.

Technologies / Tools Used : Flutter, Dart

SKILLS

Databases :	MySQL, MongoDB
Frameworks & Libraries :	HTML, CSS, Flutter, Flask
Languages :	English, Hindi, Marathi
Programming Languages :	Python, SQL, JavaScript, Dart
Testing Skills :	Manual Testing, Debugging, Functional Testing, UI Testing, Bug Reporting
Tools & Platforms :	VS Code, Android Studio, Power BI, Excel, GitHub, Linux

EDUCATIONS

Keraleeya Samajam (Regd.) Dombivli's Model College

Apr 2023 - May 2026

Bachelor of Science in Computer Science

CGPA : 8.6 / 10

SMT. Devkaben Kalyanji Virji Chheda Junior College

Mar 2023 - Mar 2023

Higher Secondary Certificate (HSC)

Percentage : 55 %

Oxford English School, Diva

Mar 2021 - Mar 2021

Secondary School Certificate (SSC)

Percentage : 68.8%

CERTIFICATIONS

Campus to Tech Enabled Finance Training – TNS India Foundation

- Completed training in workplace communication, Excel, Power BI basics, and professional development skills.
